

**Remarks**

Claims 11 - 28 are pending. Favorable early consideration is respectfully requested. This is a division of U.S. Application Serial No. 10/298,715. The claims of the latter were directed to a process for reducing aerosols by employing the compositions there claimed, these composition being identical or substantially similar to those of independent claim 11 of the subject application. These claims should thus be allowable.

Respectfully submitted,

**Christian Herzig et al.**
